DRAWING REVISION AUTHORIZATION REQUEST

Hon. Commissioner of Patents
Washington, D.C. 20231

Sir:

Submitted herewith are proposed drawing revisions to Figures 3 and 17, marked in red. In Fig. 3, the second $X_{D'AS2}$ along the X-axis of the graph has been corrected to $X_{D'AS1}$ to indicate the point on the X-axis where the D' and AS1 lines intersect. This error would have been obvious to a person of ordinary skill in the art and the correction of the error does not add new matter. In Fig. 17, reference numerals 33 and the lead lines therefor have been removed. These numbers are not referenced in the discussion of Fig. 17 and their inclusion in Fig. 17 was in error. The removal of these numbers does not add new matter.

It is respectfully requested that these proposed drawing revisions be approved and in anticipation of such approval, the corrected formal drawings are also submitted herewith under separate cover.

Respectfully submitted,
Pillsbury Winthrop LLP
